Teitaro Suzuki : Avaghosha's Discourse on the Awakening of Faith in the Mahyna: Translated for the First Time From the Chinese Version (Classic Reprint) before purchasing it in order to gauge whether or not it would be

worth my time, and all praised Avaghosha's Discourse on the Awakening of Faith in the Mahyna: Translated for the First Time From the Chinese Version (Classic Reprint):

0 of 0 people found the following review helpful. A Great Mahayana Shastra. By DT Suzuki. By Atisha Dipankara No fluff here, Straight to the point and concise. Though modern scholars say this was composed way later and not by the Author it is attributed to...that does not diminish it's supreme importance. A Great Bridge between Nagarjuna and Asanga. Mainly a treatise about the Sunyata and how the lower mind produces all that we see and experience, it, Like the Lankavatara, does not in my estimation equate with Yogacharya and Asanga's more complicated beliefs in the reality of the Conventional reality. Get your highlighter out. Though complex and complete, no preparatory study is needed in my opinion. This is the one. Forget about Richards. Hakeda's translation is great for those more geared towards academic and Tibetan writings. For those more inclined towards Mipham, Gorampa, Lonchenpa, Dolpopa, or Sakya Pandita's very articulate writings. Goddard's text is more free flowing and Chan oriented readers. Hakeda.

Excerpt from Avaghosha's Discourse on the Awakening of Faith in the Mahyna: Translated for the First Time From the Chinese Version
Avaghosha is the philosopher of Buddhism. His treatise on The Awakening of Faith is recognised by all Northern schools and sects as orthodox and used even to-day in Chinese translations as a text-book for the instruction of Buddhist priests. The original Sanskrit text has not been found as yet, and if it should not be discovered somewhere in India or in one of the numerous libraries of the Buddhist viharas, it would be a great loss; for then our knowledge of Avaghosha's philosophy would remain limited to its Chinese translation. Avaghosha's treatise on The Awakening of Faith is a small booklet, a monograph of the usual size of Chinese fascicles, comprising in its Chinese dress no more than about 10,800 characters, and may be read through in a few hours.
