Islam emerged amid flourishing Christian and Jewish cultures, yet students of Antiquity and the Middle Ages mostly ignore it. Despite intensive study of late Antiquity over the last fifty years, even generous definitions of this period have reached only the eighth century, whereas Islam did not mature sufficiently to compare with Christianity or rabbinic Judaism until the tenth century. *Before and After Muhammad* suggests a new way of thinking about the historical relationship between the scriptural monotheisms, integrating Islam into European and West Asian history. Garth Fowden identifies the whole of the First Millennium--from Augustus and Christ to the formation of a recognizably Islamic worldview by the time of the philosopher Avicenna--as the proper chronological unit of analysis for understanding the emergence and maturation of the three monotheistic faiths across Eurasia. Fowden proposes not just a chronological expansion of late Antiquity but also an eastward shift in the geographical frame to embrace Iran. In *Before and After Muhammad*, Fowden looks at Judaism, Christianity, and Islam alongside other important developments in Greek philosophy and Roman law, to reveal how the First Millennium was bound together by diverse exegetical traditions that nurtured communities and often stimulated each other.

"[T]he points he raises are important to understanding chronology and periodization on a global scale."--Choice From the Back Cover
"Before and After Muhammad refocuses the chronological and geographical lenses through which historians view developments during the seminal period between ancient and medieval history in the West. Fowden writes clearly and convincingly. His research is thorough and his thesis is compelling."--Sidney H. Griffith, Catholic University of America
"Fowden presents a powerful and compelling new model for an integrated view of late antique and early medieval Christian, Jewish, and Muslim history that replaces traditional distinctions between East and West. *Before and After Muhammad* is an ambitious book, one that has the potential to shift fundamental paradigms."--Anthony Kaldellis, Ohio State University
