**Ian Baxter : Belsen and its Liberation (Images of War)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Belsen and its Liberation (Images of War):

1 of 1 people found the following review helpful. Many excellent photographs of the campBy Robert SmootMany excellent photographs of the camp, but more time spent on the inmates and less on their guards would have been appreciated.1 of 1 people found the following review helpful. nothing is unthinkableBy Corey Davisan overall good book of people treating people like rats... fiction is nothing compared to fact. Corey

Accompanied by rare and unpublished photos with in-depth captions the book presents a unique visual account of one

of the Nazis most infamous concentration camps. The imagery shows the SSs murderous activities inside Belsen, and also reveal another disturbing side to them relaxing in their barracks or visiting their families and loved ones. The book is an absorbing insight into how the SS played a key part in murdering, torturing and starving to death tens of thousands of inmates. During the latter part of the war as many as 500 a day were perishing from the long-term effects of starvation as well as the resultant diseases. There is a wealth of information on how the camp was run and all aspects of life inside the camp for the inmates are covered. The final episode of Belsen is witnessed by British soldiers of the Second Army, who were completely unprepared for what they encountered when they arrived at the gates of the camp. Inside the camp they found some 10,000 unburied dead in addition to the mass graves already containing 40,000 more corpses. This latest Images of War book captures the shocking story of those that ran Belsen, those that perished, and the troops that liberated the living from their hell.

About the Author Ian Baxter is a much published author and photographic collector whose many books draw an increasing following. He is the author of many books in the Images of War Series, most recently Hitler's Headquarters and Himmler's Concentration Camp Guards, and the companion volume Waffen-SS on the Western Front 1940 - 1945. He lives near Chelmsford, Essex.
