I am not sure why that worked, but somehow the regular kindle version, offered for \$20 is a different book. However the \$35 version linked to the hardback version is the correct ebook. I hope that helps. 1 of 1 people found the following review helpful. One of very few books dealing with this subject. By c. Telarugo good work and the author has well exploited the sources. What is lacking is a more detailed description of the structural context that allows the chief of the eunuchs to exercise a considerable power.

An exploration of the legacy of El-Hajj Beshir, Chief Eunuch of the Ottoman Imperial Harem in the early 18th century, and a highly influential proponent of the Hanafi legal rite.
