8 of 10 people found the following review helpful. Rich material By shoayb adamm An incredible book with rich material, the book shatters many of the myths expounded by hindu nationalists (eg The destruction of 60,000 temples),

a must read!...3 of 36 people found the following review helpful. Muslim propagandaBy ChauhanThis is typical trash written by an unknowing academic toeing the muslim line, blanking out centuries of loot and rapine of the feral criminal invaders from central asia and turkey. Not worth the money spent.

This collection challenges the popular presumption that Muslims and Hindus are irreconcilably different groups, inevitably conflicting with each other. Invoking a new vocabulary that depicts a neglected substratum of Muslim-Hindu commonality, the contributors demonstrate how Indic and Islamic world views overlap and often converge in the premodern history of South Asia.
