T. W. Rhys Davids : Buddhist India before purchasing it in order to gage whether or not it would be worth my time, and all praised Buddhist India:

1 of 1 people found the following review helpful. great chapter on Asoka who embraced Buddhism and did a great service to itBy Andras M. NagyA well researched and well written book on Indian religion and Buddhist history. Sadly Buddhism is largely extinct from the Continent, except for perhaps the Tibetan refugee and Government in exile. India now is Hindu and Muslim, with the Muslim religion outpacing the Hindu due to their uncontrolled birthrate and lack of family planning. The book has a great chapter on Asoka who embraced Buddhism and did a great service to it. The chapter on pali books also very illuminating. (written on palm leafs.) This book is available online for free. Check it out for yourself, do not take my word for it.1 of 7 people found the following review helpful. 100 yr oldBy JohnA37This text is over 100 years old, do not spend your money on this dated book. Published when British interest in Asia where being challenged by other European nations.

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book. ++++ The
