**Hugh Kennedy : Caliphate: The History of an Idea** before purchasing it in order to gage whether or not it would be worth my time, and all praised Caliphate: The History of an Idea:

1 of 1 people found the following review helpful. A very comprehensive and well-documented history of the Islamic caliphate ...By Robert DeBlauwA very comprehensive and well-documented history of the Islamic caliphate from Abu Bakr to the present attempts to restore the role.0 of 0 people found the following review helpful. A good summary of Caliphate history.By CustomerA great book that describes well the history of Islamic civilization leadership evolution.

Very well researched. Well written and very easy to read. I could not put it down. 0 of 0 people found the following review helpful. Four Stars By hjhunt Using it for a course I teach. Clear and thoughtful; sometimes a little more concise than I would wish.

From a preeminent scholar of Islamic history, the authoritative history of caliphates from their beginnings in the 7th century to the modern day

"The doctrine of the caliphate still animates the imagination of Muslim theologians, politicians and ideologues, as Hugh Kennedy shows powerfully in *Caliphate*." *Wall Street Journal* "Hugh Kennedy demonstrates in *Caliphate: The History of an Idea*, his readable but scholarly account, [the caliphate] was present throughout centuries of Muslim history, in a variety of guises." *New York of Books* "[A] sweeping, yet deeply researched, history of popular and scholarly efforts—from the mid-seventh century to the present day....extraordinarily important..." *Choice* "British historian Hugh Kennedy takes it upon himself to recover the caliphate's meaning, and he succeeds with welcome doses of erudition, accuracy and, when necessary, empathy."
