Massimo Faggioli : Catholicism and Citizenship: Political Cultures of the Church in the Twenty-First Century before purchasing it in order to gage whether or not it would be worth my time, and all praised Catholicism and Citizenship: Political Cultures of the Church in the Twenty-First Century:

0 of 0 people found the following review helpful. Important for American CatholicsBy Edward C. CarpenterI've just started reading the book but can already say that Massimo Faggioli has gotten very good at making concise and potent

observations about Catholicism in its authoritative documents and contemporary life. I've read one other of his works -- Vatican II: The Battle for Meaning. That book was somewhat dry and rudimentary, while nonetheless conveying a clear picture of what was at stake in the council. With the present work I begin to appreciate the cumulative efforts of Faggioli. The picture is becoming more complete. 0 of 0 people found the following review helpful. Five Stars By John W. Crossin Outstanding analysis

The beginning of the twenty-first century has provided abundant evidence of the necessity to reexamine the relationship between Catholicism and the modern, global world. This book tries to proceed on this path with a focus on the meaning, legacy, and reception in today's world of the ecclesiology of Vatican II, starting with *Gaudium et Spes*: This council exhorts Christians, as citizens of two cities, to strive to discharge their earthly duties conscientiously and in response to the Gospel spirit. *Catholicism and Citizenship* is a call for a rediscovery of the moral and political imagination of Vatican II for the Church and the world of our time.

"With this book, Massimo Faggioli cements his reputation as his generation's premier interpreter of the relationship between American Catholics and the Church in Rome. He is incisive, insightful, and unfailingly constructive in his observations."
