I dropped off this book with some snacks and a note of thanks to a local fire department, as a random act of kindness. I hope they enjoyed it :)

Most American heroes aren't in our history books, nor do they have monuments erected in their honor. Their names aren't in the headline news or memorialized in song. The true hero is simply someone who makes a difference large or small in the lives of others. They battle disease, crime, poverty and human-rights violations. They clean up environments, mentor neglected children and truly care about others. Most importantly, anyone can be a hero in the eyes of another. In *Chicken Soup for the Soul of America*, everyday heroes are celebrated. Heroes have always been in our midst, but the recent terrorist attacks on American soil have revealed many more heroes who have given their lives, love, time and strength to those in great need. In the aftermath of the September 11, 2001 events, Americans have found courage and inspiration from so many heroes, and this book pays tribute to them all, as well as those who appear every day in our lives. At a time when so many are in pain, these unique stories will touch listeners with love and wisdom, the cornerstones of the American people and the hallmark of the well-loved *Chicken Soup* series.

From the Back CoverThe citizens of this country, as well as our friends around the world, truly do stand united. Heroism has been redefined, our core values have resurfaced and a new sense of local and national community has emerged. You won't find most American heroes walking through the pages of history books or atop huge monuments. Their names don't generally make the headlines or the 6 o'clock news. A true hero is simply someone who makes a difference large or small in the lives of others. On September 11, 2001 our nation suffered the tragic loss of thousands of lives in the attacks on the World Trade Center and the Pentagon. Immediately, policemen, firefighters and other emergency workers in New York and Washington, DC along with thousands of other Americans responded with an outpouring of courage, selfless service and faith. The overwhelming and passionate stories in *Chicken Soup for the Soul of America* honor and celebrate the men, women and children who stepped forward in this great time of need and, through their actions, exemplified the true nature of the American Spirit! Celebrate *The Soul of America* with your loved ones ... with hope and determination now and for the future!

One As the soot and dirt and ash rained down, We became one color. As we carried each other down the stairs of the burning building We became one class. As we lit candles of waiting and hope, We became one generation. As the firefighters and police officers fought their way into the Inferno, We became one gender. As we fell to our knees in prayer for strength, We became one faith. As we whispered or shouted words of encouragement, We spoke one language. As we gave our blood in lines a mile long, We became one body. As we mourned together the great loss, We became one family. As we cried tears of grief and loss, We became one soul. As we retell with pride of the sacrifice of heroes, We become one people. We are One color One class One generation One gender One faith One language One body One family One soul One people. We are The Power of One. We are United. We are America. Cheryl Sawyer, Ed.D. Contributing Author, *Chicken Soup for the Soul of America* 2002. All rights reserved.
