Prof M. M. Ninan, Dr L A Sakes : Christ vs. Krishna: A re-reading of Sakes before purchasing it in order to gauge whether or not it would be worth my time, and all praised Christ vs. Krishna: A re-reading of Sakes:

1 of 1 people found the following review helpful. Very disappointed! By Blue Another warped Christian tunnel vision view of the Vedas and Krishna. I thought this was going to be a book that examined similarities, instead it was a sad attempt to discredit a religion and spiritual view that makes far more sense than the hodge podge of biblical writings that make little or no sense to anyone with half a brain. Very disappointed and would give it no stars if possible. Save your money and buy a copy of the Bhagavad Gita.

CHRIST VERSUS KRISHNA- A brief comparison between the Chief Events, Characteristics and Mission of the babe of Bethlehem Judea and the babe of Brindaban Madhurapuri with a concise review of Hinduism, proving its derivation from Christianity was originally written in 1883 by Dr. L.A. Sakes, a Physician who came to India in the newly formed Crown Colony of British Empire. The intense interest in the religions of India and the concerted all out attempt

to study and present the vast documentations of Sanskrit literature resulted in the thesis. He was probably the first to see this comparison and to explain that the various sects of Indian religions as the corruption of Indigenous Christian Churches went wild under Brahminic fantasy. Prof. Ninan presents this book with lots of historic context and refernce to modern scholarship.
