**From Oxford University Press : Colonialism, Modernity, and Religious Identities: Religious Reform Movements in South Asia** before purchasing it in order to gage whether or not it would be worth my time, and all praised Colonialism, Modernity, and Religious Identities: Religious Reform Movements in South Asia:

This volume explores the changing relationship between religion and the socio-political context, the roles of specific religious movements, and the lives and contributions of individuals.

. " . . Original and worthwhile contributions to the literature on South Asian responses to colonialism." --Religious Studies About the Author Gwilym Beckerlegge is a Senior Lecturer in the Department of Religious Studies at The Open University, UK.
