The destruction of the Babri Masjid at Ayodhya in December 1992 was a watershed in the politics of independent India. It was also an apocalyptic turning-point for community life at Ayodhya, and for the highly interdependent cultural lives of Hindus and Muslims living there. This book narrates how Ayodhya's inhabitants experienced the

events that led up to and followed the destruction of the mosque.

"The book remains...a very useful and insightful study of Hindu nationalism."--American Historical About the Author Ashis Nandy is at Centre for the Study of Developing Societies, Delhi.
