From Ingramcontent : Crime in the United States 2016 (U.S. DataBook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Crime in the United States 2016 (U.S. DataBook Series):

This book contains findings from the Federal Bureau of Investigation (FBI) of the offenses known to law enforcement released annually from its Uniform Crime Reporting Program. Because the FBI no longer prints these findings, Bernan Press continues to provide this practical information in convenient book form. In this intricately detailed source, legal and law enforcement professionals, researchers, and those who are just curious will find violent and property crime statistics for the nation as a whole and for regions, states, counties, cities, towns, and even college and university campuses. Crime in the United States includes statistics for: Violent and property crimes Hate

crimesCrime trendsVictims, by type

Updated for 2016 (with information from 2014, the latest data currently available), this volume breaks down statistics from the FBI's Uniform Crime Reporting (UCR) program, with information on violent and property crimes, hate crimes, offenses cleared, persons arrested, and law-enforcement personnel; and it includes national as well as state, city, county, and agency numbers. Graphs supply a visual perspective of major offenses. Suitable for most public libraries, and those owning previous editions will want to update with this one. An essential purchase for academic and special libraries focusing on law enforcement or criminal justice. (Booklist) [U]sers will have an easy time finding the statistics they seek. Recommended to public and academic libraries. (American Reference Books Annual) About the Author Shana Hertz Hattis has worked as an editor and writer for nearly a decade. Her work has spanned the fields of hospitality, health, business, and popular culture. She earned her bachelors degree in journalism and masters degree in education degrees from Northwestern University. Hattis's other titles for Bernan include Housing Statistics of the United States, Vital Statistics of the United States, 2014: Births, Life Expectancy, Deaths, and Selected Health Data, and State Profiles 2013: The Population and Economy of Each U.S. State.
