JudgesI ordered the book from for a humanities class for my bachelors program. The book worked well for the class BUT I did NOT receive it in new condition or with the CD as described in the ad. I WILL NOT USE AMAZON AGAIN as they did not rectify the situation.1 of 2 people found the following review helpful. Necessary fo rthe classBy Kelly FunkIt was horribly boring, but necessary

for the class. It is a very very heavy read,most textbooks are awful reads.

Large course taught nationwide, but especially large in Florida, Texas, and California. Usually a popular elective but required of all incoming students at some schools. Annual enrollments in the course and current TL market share.
