Lawrence S. Cunningham, John J. Reich : Culture and Values, Volume I: A Survey of the Humanities with Readings before purchasing it in order to gage whether or not it would be worth my time, and all praised Culture and Values, Volume I: A Survey of the Humanities with Readings:

1 of 1 people found the following review helpful. Textbook for ClassBy SarahThis book came in a great condition. I haven't gotten that far into the textbook because our class just started, but it is going well so far. The book really defines the artwork nicely and the culture during the time the artwork was created. It is full of great pieces of art and I have learned things from it that I have never really gotten the feel for from other books. I hope that it continues to be this useful to me in my education for the short amount of time that I will take advantage of its depth of learning.0 of 0 people found the following review helpful. Horrible and marked upBy BernishaI received that book and noticed that there is permanent black marker on all art that showed nudity. I'm ver frustrated because my teacher put art in my

exams. How can I learn the art of I can't see it? 1 of 1 people found the following review helpful. Five Stars By TonyFast shipping. Saved 75% on this book that i will only use one semester.

Large course taught nationwide, but especially large in Florida, Texas, and California. Usually a popular elective but required of all incoming students at some schools. Annual enrollments in the course and current TL market share.
