Ananda K. Coomaraswamy, Sister Nivedita : Myths of the Hindus and Buddhists (Dover Books on Anthropology Ethnology) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Myths of the Hindus and Buddhists (Dover Books on Anthropology Ethnology):

0 of 0 people found the following review helpful. Myths of the Hindu and Buddhist By M. White Not a bad

presentation, I enjoyed it. 0 of 0 people found the following review helpful. A Pioneering Effort By Cartikeya Reddy One of the early books. A pioneering effort in interpreting our myths to the West. Of historical interest - Anjaneya Reddy 8 of 33 people found the following review helpful. Get a used copy of the old version or an alternative By S. Kelly This was a required book for a college class. We read the version of the Ramayana offered in it. I my classmates found that it was lacking in some important details of the epic. My professor said that he chose this one because it was a "cheap, small book." However, he did not realize that this new version has huge print so it is a massive book. He is not going to require it for any future class. I recommend finding a used copy of the old version or else an alternative.

Gathered together in a single volume, here are the most important stories of Indian mythology, taken mainly from the epic poems the Mahabharata and the Ramayana, with additional tales from the purana and vedas from assorted narratives of Krishna, Buddha, and Shiva. The stories range from the initial stages of mythos to the final, mature state. Includes 32 illustrations by Abanindro Nath Tagore and others.
