National Safety Council : National Safety Council Injury Facts 2016 before purchasing it in order to gage whether or not it would be worth my time, and all praised National Safety Council Injury Facts 2016:

0 of 0 people found the following review helpful. One StarBy FrankOld outdated and poorly written.

For more than 90 years, Injury Facts has been the complete reference source for safety statistics. Bringing together data from more than 30 different sources, it presents the most current occupational, motor vehicle, home, community, state, and international injury statistics on deaths, nonfatal injuries, and their costs. Look for new data on the costs including government and employer costs, contractor workplace fatalities, cost of consumer product injuries, falls, and home fires.
