From Brand: Watkins : Native American Wisdom: A Spiritual Tradition at One with Nature (Sacred Wisdom) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Native American Wisdom: A Spiritual Tradition at One with Nature (Sacred Wisdom):

0 of 1 people found the following review helpful. A small and quick read that is not at all what I expected. By Thingfish33 Not what I had expected. It is a small collection of a song from a tribe, or a poem from another. I thought

it would be slightly more textbook"ish" in what was to be delivered. A neat and quick little read though. I don't know that I would recommend to many people though. 2 of 3 people found the following review helpful. Very Interesting Book
By Ellen Kolb
I found the Native American Wisdom very interesting and worth reading. I am sure you will enjoy like I have. 1 of 2 people found the following review helpful. A lovely collection of inspirational selections
By Gray Owl
I have a number of collections of traditional readings. I bought the Kindle version but this is one for one's bookshelf

The most authoritative anthology of Native American wisdom published in years! Native American peoples share a love and reverence for nature, as well as a belief in both a supreme being and a spirit world that interacts with humanity. This engaging collection contains moving quotations from leading American Indians, including chiefs and medicine men, along with poems, songs, prose, speeches, and stories past and present. Organized alphabetically, the spiritual insights gathered here are grouped by the main Native American Nations, from Apache to Zuni including the Sioux, Eskimo, Cherokee, and many more.

About the Author
Alan Jacobs has made a lifelong study of mysticism and is a regularly published author and poet. He is the editor of Poetry for the Spirit and Tales from Rumi and the beautiful poetic translations of The Gnostic Gospels and The Upanisads in this series.
