I liked that he was not dogmatic but gives the reader options too draw their own conclusions based on scripture. This is not only a book to make Christians aware, but a good book to educate non Christians to what is coming in non threatening way by just presenting world events and lay them next to the Bible. Good read. not only a book for get Christians to be aware but a great book to get Christians

Almost 2700 years ago, the prophet Ezekiel detailed a massive end-times attack against Israel. The coalition he describes is still making headlines today. Bible scholar Ron Rhodes analyzes current events in the light of biblical prophecy and empowers readers to "interpret the signs of the times" (Matthew 16:3). This up-to-date assessment of the situation in the Middle East reveals vital information about...financial and political ties between the group of nations north of IsraelMuslim leaders' growing antagonism toward Israel and the United StatesIran's development of nuclear weapons and the resulting threat to global securitythe polarization of nations supporting extremist Islam and the rest of the worldglobalization and its role in setting the stage for a cataclysmic warReaders will grow in their confidence in God, for to Him, "the nations are like a drop in a bucket" (Isaiah 40:15).

"After examining Northern Storm Rising, I can see why the name of Rhodes' ministry is Reasoning from the Scriptures. Dr. Ron Rhodes does just that in his latest volume, where he calmly and cogently gives a forceful telling of how the modern world and the ancient Word are in each other's embrace in this interesting hour. I am pleased to commend Northern Storm Rising. I find his reader friendly volume helpful, both personally and professionally: personally, it helps me to see Word and world events more clearly; professionally, the fact that Dr. Rhodes labors to integrate worthy source material as he goes, and carefully documents his so doing, enables me to utilize his insights with more confidence, and for this I am pleased.
