Everything from IQ to mental stability is examined in this book. It was an excellent read before my visit to Nuremberg. I also found Albert Speer's diary while in Spandau very informative

reading. The recording of Report From Nuremberg, the Armed Forces Radio dispatches useful as well. I got it through Audible.0 of 0 people found the following review helpful. On Nuremberg trialsBy CustomerVery interesting as historical document. Disgusting to see the Nazi leaders blaming each other for their own actions in the atrocities. I never understood why Speer got away with 20 years inprisonment.0 of 0 people found the following review helpful. SO important that people understand what Nurenberg was all about ...By D. J. SingerSO important that people understand what Nurenberg was all about, how the top officials in the Nazi government were apprehended, tried, and executed for their deeds during the Third Reich....they deserved death, and MORE, if that was possible.

In August 1945 Great Britain, France, the USSR, and the United States established a tribunal at Nuremberg to try military and civilian leaders of the Nazi regime. G. M. Gilbert, the prison psychologist, had an unrivaled firsthand opportunity to watch and question the Nazi war criminals. With scientific dispassion he encouraged Gering, Speer, Hess, Ribbentrop, Frank, Jodl, Keitel, Streicher, and the others to reveal their innermost thoughts. In the process Gilbert exposed what motivated them to create the distorted Aryan utopia and the nightmarish worlds of Auschwitz, Dachau, and Buchenwald. Here are their day-to-day reactions to the trial proceedings; their off-the-record opinions of Hitler, the Third Reich, and each other; their views on slave labor, death camps, and the Jews; their testimony, feuds, and desperate maneuverings to dissociate themselves from the Third Reich's defeat and Nazi guilt. Dr. Gilbert's thorough knowledge of German, deliberately informal approach, and complete freedom of access at all times to the defendants give his spellbinding, chilling study an intimacy and insight that remains unequaled.

From the Back CoverIn August 1945 Great Britain, France, the USSR and the United States established a tribunal at Nuremberg to try military and civilian leaders of the Nazi regime for the plotting of aggressive warfare, the extermination of civilian populations, the widespread use of slave labor, the looting of occupied countries, and the maltreatment and murder of prisoners of war. G. M. Gilbert was the prison psychologist before and during the Nuremberg trial. He had an unrivalled, firsthand opportunity to watch and question the Nazi war criminals. With scientific dispassion he encouraged Goering, Speer, Hess Ribbentrop, Frank, Jodl, Keitel, Streicher, and the others to reveal their innermost thoughts.About the AuthorG. M. Gilbert was the prison psychologist before and during the Nuremberg trial and is the author of The Psychology of Dictatorship.
