**Osho : One Earth One Humanity Freedom in all Dimensions** before purchasing it in order to gage whether or not it would be worth my time, and all praised One Earth One Humanity Freedom in all Dimensions:

Freedom in all dimensions means that man, wherever he is born, is part of one humanity. Nations should dissolve, religions should dissolve because they are all creating bondage. I don't see any reason at all why there should be so many nations. Why should there be so many lines on the map? And they are only on the map, remember. They are not on the earth; neither are they in the sky. And the map is man-made. Existence has not created this earth in fragments. The world is divided because man is divided; man is divided because the world is divided. Start from anywhere; just let the whole of humanity be one, and the nations will disappear, the lines will disappear. It is our world one humanity, one earth, and we can make it a paradise.
