If you are looking for raw testimonies, not embellished by an established author, this IS it. They are short, randomly placed, but pack a punch. Each one gives just a little glimpse of

life as a Jew during the most recent horrific persecutions. It is like circling a room with glass walls and looking through on the scene from dozens of different viewpoints. I am happy that these stories are getting out, but sad that many are not listening as they argue the Holocaust never happened. Just one walk through Yad Vashem should tell the story! 3 of 3 people found the following review helpful. must read for allBy dennis grandonWow very good read some of these story's are hard to believe happened but they did. In the shouted words of a woman bound for Auschwitz to a man about to escape from a cattle car, If you get out, maybe you can tell the story! Who else will tell it? Our Crime Was Being Jewish contains 576 vivid memories of 358 Holocaust survivors. These are the true, insider stories of victims, told in their own words. They include the experiences of teenagers who saw their parents and siblings sent to the gas chambers; of starving children beaten for trying to steal a morsel of food; of people who saw their friends commit suicide to save themselves from the daily agony they endured. The recollections are from the start of the warthe home invasions, the Gestapo busts, and the ghettos as well as the daily hell of the concentration camps and what actually happened inside. Six million Jews were killed in the Holocaust, and this hefty collection of stories told by its survivors is one of the most important books of our time. It was compiled by award-winning author Anthony S. Pitch, who worked with sources such as the United States Holocaust Memorial Museum to get survivors stories compiled together and to supplement them with images from the war. These memories must be told and held onto so what happened is documented; so the lives of those who perished are not forgottenso history does not repeat itself. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
