I have been there numerous times and have stayed at Willka Tika, the retreat center owned by this author. She has done her research carefully and knows the people and culture. True beauty and and passion!3 of 5 people found the following review helpful. Learning about Peru...By Bobbie T.I purchased this book thinking it would be a good resource book for third graders to read for a book report choice. After receiving this book, I realized it was definitely a book for adults, as the content was not third grade "friendly." If you are an adult wanting to learn about Peru, it's a good resource book with lots of history. I purchased this book for use as a book report choice, and there's no way a third grader could have read this as a book report book, let alone do a triorama project. I ended up donating this book to our school library for reference purposes.

If you cannot travel to Machu Picchu this book will trigger a personal awakening much like that experienced by those

who can. Read about the Andean world of inexplicable realities and slip into the realm of the Andean people, whose primary goal is to live and work in harmony with Mother Earth, or Pachamama.

About the Author Carol Cumes has studied with curanderos and Andean healers in the jungles, deserts and mountains of Peru for over a decade. The owner of a travel company specializing in spiritual journeys to Peru, Carol lectures frequently on Andean spirituality. She is a trained Flower Essence practitioner and Yoga instructor. Romulo Lizarraga Valencia is Quechua, born on a farm in the Machu Piccu district. Romulo received a post-graduate license in tourism and today lectures and leads excursions as a professional Andean trail guide. ~
