Ginette Paris : Pagan Grace: Dionysus, Hermes and Goddess Memory in Daily Life before purchasing it in order to gage whether or not it would be worth my time, and all praised Pagan Grace: Dionysus, Hermes and Goddess Memory in Daily Life:

0 of 0 people found the following review helpful. Definitely recommend this book to anyone interested in the Greek pantheon ...By Tracy MarrsWhile not as personally meaningful as Dr. Paris' book "Pagan Meditations," I still found this book very insightful and a rich read. Definitely recommend this book to anyone interested in the Greek pantheon

or depth psychology. Dr. Paris' ideas and contributions to archetypal psychology are priceless. I do not think I could understand it without her thorough explanations. 6 of 6 people found the following review helpful. Food for thought By Roberto Quintas Ginette Paris gives a good interpretation and almost a revelation of how Dionysos, Hermes and Mnemosyne can be understood and felt in common life. A very profound and inspired view that modern pagans should read. 2 of 4 people found the following review helpful. it really seemed like a trip through someone's rambling consciousness By H. Caulberg There were only snippets of this book I found helpful. Otherwise, it really seemed like a trip through someone's rambling consciousness, where the author pieced together concepts and ideas that had little to do with the gods. It was, in fact, a little like reading the correspondence of a particularly verbose and nutty aunt.

With this book Paris continues the work of Pagan Meditations in reviving individual, cultural, and social life by reawakening their archetypal roots.

Her prose is lush and extravagant, sometimes frankly erotic, but always thoughtful and thought-provoking, always fresh and surprising. -- Los Angeles Times
