**Paul Desmond : Paul Desmond Jazz Play-Along Vol. 75 BK/CD (Jazz Play-Along)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Paul Desmond Jazz Play-Along Vol. 75 BK/CD (Jazz Play-Along):

I'm used to playing in 1, 2, or 3 Sharps and the the fast pace of Take Five with many notes in 4 Flats was quite a work-out. I haven't played the other tunes - - but I think that the cost of the CD and book is worth it for Take Five only. This play-along of Take Five gave me some "wood shedding" and this tune alone made me just a bit better. Dann0 of 0 people found the following review helpful. Desmond is my musical hero! By Ruth B. Tripp This play-along music allowed me to capture the sound, rhythm, and style of the greatest alto

saxophone player in history, Paul Desmond. The CD features John Desalme on sax. He does an awesome job of playing the style of Desmond. Many of the songs are too difficult for me but I'll continue to practice. Thanks to Hal-Leonard corporation for publishing this product. 0 of 0 people found the following review helpful.
