**Marco Pallis : Peaks and Lamas** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Peaks and Lamas:

0 of 0 people found the following review helpful. Five Stars By Customer What a unique document of a time before many westerners encountered Tibetan Buddhism first hand. 0 of 0 people found the following review helpful. Five Stars By Mike Mallick Great reading and fast shipping! 2 of 3 people found the following review helpful. This one I did like.. By Jesus Riesco This one I did like .....the narrative .....the going up the mountains.....skipped a bit in the buddhism chapter ....over all, I did ;learn quite a bit about the region, customs, topography...people.....I know that I will re read it again some day.....do that only with books I really like....

Several years ago, Wendell Berry recommended we read Marco Pallis Peaks and Lamas. He had obtained a copy of this out of print and elusive title, and upon reading it wrote saying, "I have a very high opinion of it." He praised the writing on travel and mountaineering, but he was specially drawn to the writing about Buddhism, the chapters on Tibetan Art, and went on "this is the best book, in my limited reading, in connecting a form of Buddhism with its sustaining culture. It would be useful to anybody interested in what a traditional culture is or might be, and how such a culture might preserve itself." With Wendell Berry, Gary Snyder and Robert Aitken offering encouragement, we could hardly ignore the imperative of putting this remarkable text, out of print for at least thirty years, back into print for a whole new generation of readers.

"For insight, and the beauty insight requires if it is to be effective, I find no writer on Buddhism surpassing him."
