From Brand: Zed Books : Pioneers of Islamic Revival (Studies in Islamic Society) before purchasing it in order to gage whether or not it would be worth my time, and all praised Pioneers of Islamic Revival (Studies in Islamic Society):

This book examines the political environments, lives and works of those diverse 19th and 20th century Muslim thinkers who believed that Islam was capable of providing practical solutions to the problems of the modern world. It provides a balanced account of their contribution to contemporary revolutionary Islam and to political developments in countries from Morocco to Indonesia. A new introductory chapter included in this updated edition addresses these thinkers in the context of the extraordinarily changed circumstances confronting Islamic countries since 9/11.

s of the First Edition" This is a judicious and well-conceived collection of studies by experts on prominent figures in the modern Islamic political revival.... Anyone concerned with the politics of the modern Islamic world will find it useful to have this detailed Who's Who within reach." --Middle East Studies Association Bulletin 'Well written articles on nine of the best known Islamic ideologues of the past century, the majority authored by a scholar who has published major work on the figure or his movement... The articles are appropriate to undergraduates and the book could well serve to structure an introductory course in modern Islamic thought'. - Religious Studies 'The scholarly profiles in *Pioneers of Islamic Revival* give readers an opportunity to judge for themselves where the truth lies.' - Third World Resources 'This is an excellent anthology about nine of the most influential thinkers of the past century who have contributed significantly to the shape of popular Islamic thought. - American Sufi Muslim Association (ASMA)
