**Berel Wein : Pirkei Avos: Teachings for Our Times : Birnbaum Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pirkei Avos: Teachings for Our Times : Birnbaum Edition:

4 of 4 people found the following review helpful. Unchanging relevance By KMcKay I bought my first copy of this book when it was published and read it cover-to-cover while recovering from an accident, I have bought more copies to give as gifts, referred to it often, and am reading it cover-to-cover again now as an uplifting bedtime devotional. I have studied "Pirkei Avot" (Ashkenazi "Avos") over the years, but never found really deep, meaningful commentary on them until Rabbi Wein's marvelous work. He has a gift, like Rabbi Abraham Twerski, of not just making ancient, unchanging wisdom relevant in our time, but making it contemporary. The teachings are relevant not only for Jews, but for all seekers of truth, wisdom and goodness. 3 of 3 people found the following review helpful. Good edition of underappreciated text By BlueDog Rabbi Wein does a good job with the commentary, and the layout is beautiful. Buy it and read it slowly. 0 of 1 people found the following review helpful. Five Stars By Noach Klein Beautiful sefer.

Known as "Ethics of the Fathers", tractate Avos is the Talmud's primer on values, behavior and ethics. When interpreted with Rabbi Berel Wein's unique acumen and insight, it lights the way for relationships on personal, professional and communal levels.
