**M S King : Planet Rothschild: The Forbidden History of the New World Order (WW2 - 2015) (Volume 2)**

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Planet Rothschild: The Forbidden History of the New World Order (WW2 - 2015) (Volume 2):

154 of 162 people found the following review helpful. Imperative reading for the curious. By JDI have read a few of King's books, but with Planet Rothschild, he positions himself as arguably the world's leading authority within the truth movement. I must caution the reader in advance - Reading Planet Rothschild will not make you a happier person, but it will make you informed as to the true agendas within the world and who is behind them. I also caution the reader to beware of negative reviews; there are many people who would like to keep the world in the dark, it is how they have

and continue to get away with what they're doing, by keeping the people ignorant. If a negative reviewer has an intelligent reason for not liking the book, or at least picks issue with a particular historical event contained within, then fair enough, but their arguments should at least be based in attempting to be critical and logical. Unfortunately, every single one, without exception is resorting to personal attacks against the author. I hope those reading this will be more open minded and give this important work a chance. My advice is that you also carry out your own research afterwards, just like the author suggests. You will be surprised (or maybe not) to find that much of what we've been told our entire lives have been nothing but half-truths, selected facts and history from only the winning side. Often, entire events are omitted. When you're given the rest of the data, the entire context changes - And the result is often shocking. Speaking from a personal viewpoint, I was very critical about much of what this book states. I've read it twice now; once with a heavy heart, the second time from a cold analytical perspective as I corroborated selected 'blurbs' from within the book. I am satisfied that this is REAL. To give one example; I'd always wondered why Adolf Hitler allowed the British and French to escape at Dunkirk. My father used to say it was because "Hitler was mad," but as a curious young man with a love of history, this explanation didn't satisfy. Recently, with the 70th anniversary of the evacuation, a professor on Sky News stated that he had no idea why Hitler allowed them to escape. The fact of the matter is that if the professor was minded to tell the viewers the real reason, he wouldn't have been allowed on the show in the first place. Why did Adolf Hitler allow the British to escape, against the pleadings of his generals, when he could have used the Luftwaffe to bomb them into oblivion before rounding up the survivors and ending the war in 1940 with a German victory? You will find out the truth to this, and many other important things, in Planet Rothschild. 10 of 10 people found the following review helpful. A Must Read By John Nickless The best and most concise book on this subject. Well documented. Unfortunately most people are past being able to connect the dots. True critical thinking and reason are a thing of the past. 33 of 33 people found the following review helpful. 200+ Years of Rothschild/Zionist Wars, Genocide Starvation By DMI own and have read the entire M.S. King book collection. All bought through . Both volumes of this title are written in an easy to read time line style. Filled with reference sources and backed up with with millions of references through the internet that the Rothschild/Zionist Banking Mafia are the root cause of most of the wars, genocides, starvation, depressions and recessions that have occurred all over the world in the last 200+ years. (U.S. Civil War included). A reader (if he/she possesses a critical thinking brain) can easily see that the unseen hand of political and financial manipulation and control never rests. If you read both volumes of Planet Rothschild and are a baby boomer, and your blood is not boiling, then you really need to broaden your outlook on what is going on around you today. It's in your face and easily understood through M.S. Kings books. I have researched and read on these topics for 25+ years and have an extensive library from which to reference. I also have an open mind and a God gifted ability to recognize B.S. when I see it. I highly recommend ALL of M.S. Kings books to help the novice understand what's going on in the world today and who is responsible. I would especially recommend these books for young people still in school. As they are NOT taught the truth, nor the "whole truth" in any school or college in the U.S. If you buy just two books this year, get both volumes of Planet Rothschild!! When you've finished you will understand the machinations of everything you see and hear on TV and why. You will recognize what is missing from the political diatribes and interviews that fill their programming. And most times it is what is NOT being said that matters. And most of all. once read, you will be able to spot the banking mafia's game plan in action, as the playbook has been used over and over successfully for over 200 years and still works today; enhanced by cell phones, tablets, computers and social media. As has been said, "You can't tell the players without a program", well now you can!

VOLUME 2 of 2 / 300 PAGES / 700 ILLUSTRATIONS . From the days of the American Revolution, to the Jacobin French Revolution, to the coalition wars against Napoleon, to Andrew Jacksons war on the Central Bank, to Karl Marxs war on sanity, to the U.S. Civil War, to the Reds shocking wave of 19th century assassinations, to the conspiratorial founding of the Federal Reserve, to the horrific First World War to enslave Germany, to the Rothschild-Communist subversion of Russia's Czar, to the horrible World War against Hitler and Japan, to the Cold War, to the JFK assassination, to the "women's movement" to the Global Warming Hoax, to the "fall of communism", to the 9/11 attacks the "War On Terror", and finally, to the looming confrontation with Russia and China - the common thread of the New World Order crime gang links all of these events together. At the heart of this self-perpetuating network sits the legendary House of Rothschild the true owners of Planet Rothschild. Though an alliance with other billionaire families, universities, corporations, think tanks and media moguls worldwide; the cabal has, for 250 years, manipulated world events and political players like so many pawns on a global chessboard. Now, you can earn your 'Phd' in NWO studies by reading the epic two-volume timeline thriller - PLANET ROTHSCHILD. It is a unique "blurb by blurb" chronological and photographic review that will enrich your depth of historical knowledge like no other work of its kind. \*\*\*\*\* "Absolutely mind bending research... I was hooked immediately! I had studied the NWO for years but had no idea of so many of the critical events revealed in PLANET ROTHSCHILD." - Carl Norris, Davenport, Iowa

About the Author M. S. King is a private investigative journalist and researcher based in the New York City area. A 1987 graduate of Rutgers University, King's subsequent 30 year career in Marketing Advertising has equipped him with a unique perspective when it comes to understanding how "public opinion" is indeed scientifically manufactured. Madison Ave marketing acumen combines with 'City Boy' instincts to make M.S. King one of the most tenacious detectors of "things that dont add up" in the world today. Says King of his admitted quirks, irreverent disdain for "conventional wisdom", and uncanny ability to ferret out and weave together important data points that others miss: "Had Sherlock Holmes been an actual historical personage, I would have been his reincarnation." King is also the author of *The War Against Putin: What the Government-Media Complex Isnt Telling You About Russia*. Kings other interests include: the animal kingdom, philosophy, chess, cooking, literature and history (with emphasis on events of the late 19th through the 20th centuries).
