This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

About the Author G. R. S. Mead, Hermeticist and scholar was one of the truly great researchers into arcane wisdom. At a time when the esoteric tended to mean little more than table tapping and mysterious phenomena, he was translating into English the gems of Neoplatonic and Egyptian philosophy. In works such as "Thrice Greatest Hermes, The Doctrine of the Subtle Body, Orpheus", and "Fragments of a Faith Forgotten", he almost single handedly reassembled the lost esoteric tradition of classical Athens and Alexandria and Gnosticism in general.
