Judaism, Christianity, and Islam: From Holy War to Modern Terror:

This analysis of the evolution of religious political violence outlines the differences between secular and religious political violence, on ideological, strategic, and tactical levels before comparing the concept of Holy War in Judaism, Christianity, and Islam. Lastly, it shows how modern radical monotheistic religious groups interpret and manipulate their religious sources and ideas to advocate their political agendas, including the practice of violence. A unique comparative study of religious political violence across Judaism, Islam, and Christianity, this text features many international case studies from the Crusades to the Arab Spring.

Jonathan Fine's timely study is the first comparison of holy wars in Judaism, Christianity, and Islam. His work is essential to understand and counters the misinterpretation of religious sources and ideas to serve political agendas. (Rohan Gunaratna, author of "Inside al Qaeda: Global Network of Terror") Dr. Jonathan Fine provides a crucial overview of political violence in a comparative way. Using the tools of a historian and a political scientist, Dr. Fine analyzes the phenomenon of terrorism in various contexts and the origins of holy violence in Judaism, Christianity, and Islam. A very timely and important book. (Boaz Ganor, co-founder and executive director, The International Institute for Counter-Terrorism (ICT), Herzliya, Israel) A brilliant analysis with original ideas that will be of great interest. A work that challenges conventions and commonplaces. A masterpiece. (Jos J. Sanmartn, University of Alicante, Spain) Political Violence in Judaism, Christianity, and Islam is a major contribution to our understanding of the relationship between the three major monotheistic religions and violent conflict. Exhibiting a deep knowledge of the subject matter as evidenced in extensive use of primary sources, and combining historical analysis with an interdisciplinary perspective, Jonathan Fine's comprehensive, informative, and balanced study will appeal to casual readers and specialists alike. (Assaf Moghadam, author of The Globalization of Martyrdom: Al Qaeda, Salafi Jihad, and the Diffusion of Suicide Attacks) The strengths of Fine's monumental and ambitious study are its innovative methodological approaches and its impressive first-hand and secondary sources. It deals symmetrically and fairly with the three religions; and its comparative inter-disciplinary nature adds to its analytical value. It is therefore a welcome addition to the existing literature. (Rami Ginat, Department of Political Studies, Bar-Ilan University, Israel) Jonathan Fine has composed a comprehensive effort, in both breadth and depth, to bridge the textual and ideological foundations of Western religions with the modern religiously-motivated terrorism that emerged from those traditions. His erudite analysis crosses academic fields and draws together disparate theoretical lenses to form an ambitious survey of one of the most pressing challenges of our time. (Ron E. Hassner, U.C. Berkeley) About the Author Jonathan Fine is a senior researcher at the International Institute for Counter Terrorism and an assistant professor at the Lauder School of Government at the Interdisciplinary Center, Herzliya).
