Cynthia Talbot : Precolonial India in Practice: Society, Region, and Identity in Medieval Andhra before purchasing it in order to gauge whether or not it would be worth my time, and all praised Precolonial India in Practice: Society, Region, and Identity in Medieval Andhra:

0 of 0 people found the following review helpful. Kakatiyas' rule is the focus of this excellent scholarly bookBy

Although the title suggests "Precolonial India in Practice", the work is exclusively geared towards the reign of Kakatiya's. Context is provided when we realize the author has done her PhD at SV University, Tirupati, India. Andhra Chalukyas' rule is not the focus of this excellent scholarly book. Any student of Kakatiya history should read this scholarly work.

The society of traditional India is frequently characterized as static and dominated by caste. This study challenges older interpretations, arguing that medieval India was actually a time of dynamic change and fluid social identities. Using records of religious endowments from Andhra Pradesh, author Cynthia Talbot reconstructs a regional society of the precolonial past as it existed in practice.

"Talbot offers an important critique of existing scholarship in medieval Indian history and suggests promising directions for reenvisioning this history."--AsiaAbout the AuthorCynthia Talbot is at University of Texas, Austin.
