**Clayton Whisnant : Queer Identities and Politics in Germany: A History, 1880-1945** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Queer Identities and Politics in Germany: A History, 1880-1945:

0 of 0 people found the following review helpful. But the subject matter is great!By Vincent schwahnThe book is fascinating. A little dry and academic at parts. But the subject matter is great!0 of 0 people found the following review helpful. Weimar BerlinBy Jayse GarciaA great view into a much lost world within another world.

Germany in the late nineteenth and early twentieth centuries witnessed key developments in LGBT history, including the growth of the world's first homosexual organizations and gay and lesbian magazines, as well as an influential community of German sexologists and psychoanalysts. *Queer Identities and Politics in Germany* describes these events in detail, from vibrant gay social scenes to the Nazi persecution that sent many LGBT people to concentration camps. Clayton J. Whisnant recounts the emergence of various queer identities in Germany from 1880 to 1945 and the political strategies pursued by early homosexual activists. Drawing on recent English and German-language scholarship, he enriches the debate over whether science contributed to social progress or persecution during this period, and he offers new information on the Nazis' preoccupation with homosexuality. The book's epilogue locates remnants of the pre-1945 era in Germany today.
