**Tracy Nicholas : Rastafari: A Way of Life** before purchasing it in order to gage whether or not it would be worth my time, and all praised Rastafari: A Way of Life:

0 of 0 people found the following review helpful. As a person of Jamaican birth I am happy to know that these books exist. By Godfrey Smith The book is a truly revealing account of the traditional Rastafarian. Rastafarian culture, custom and livelihood is a way of life. It is not for the faint of heart individual. As a person of Jamaican birth I am happy to know that these books exist. At least the ignorant and less informed individuals can become more informed about an important aspect of Jamaican religious life. There was a time in the 70's when some people thought that Rastafari would fade away. Instead it has gotten stronger with the passage of time. Thanks to the increased availability of more books, music and video. 0 of 0 people found the following review helpful. Now it will be a great asset to my library. By RAS KEITH MCINTOSHI always wanted a copy of this book. Now it will be a great asset to my library!! Thanks again. 2 of 2 people found the following review helpful. Great book!! By John Cousin This is my second copy of this book, I loaned out the first one and never got it back, lol. Very informative and is a great introduction curious about the origins of Rastafarianism, it's beliefs and traditions.

This book takes the reader, in both fascinating text and stunning photography, deep into Jamaica, the birthplace of Rastafarianism.
