To know another person, sit at his table By Irene Fiss When the Jewish people left their original homeland and moved to new locations all over the world, they incorporated new spices, new vegetables and new ways of preparing dishes. However, whatever the food their parents served when they were young children left an indelible mark, a sense memory that many held onto as they faced harsh times and the uncertainty of survival. hooray for June Hersh's attempt to reach out to people to help them to reflect on those early

food memories. This book is a unique contribution to understanding a people and their culture. 0 of 0 people found the following review helpful. *Recipes Bring History Alive* By Dana Martin This work is pure genius! I received my order earlier than expected, and am astounded by what I read and see. If you are interested in Jewish heritage recipes, Holocaust survivor accounts and the cultural history of Europe during WWII, this book is for you. Don't pass this one up! I myself will treasure this book. 0 of 0 people found the following review helpful. this is a great combination of stories and recipes - Love this book ...
