**Tony Campolo : Red Letter Christians: A Citizen's Guide to Faith and Politics** before purchasing it in order to gage whether or not it would be worth my time, and all praised Red Letter Christians: A Citizen's Guide to Faith and Politics:

1 of 1 people found the following review helpful. Campolo's Very Best: A Must for the Election YearBy Gail DavidsonTony Campolo has been writing prophetically about Christianity and politics for more than 20 years. This one is his very best. Believing that, indeed, the red letters (words of Jesus) in the Bible ARE more important than the

black letters, Campolo poses the question of what it might mean if we really lived the way Jesus taught us. This book is revolutionary and changed the way I think about my relationship with God and my actions as a Christian EVERY DAY. Campolo is passionate about his love for Jesus and his love for his country. This book describes how he thinks we might love one another on a national and global scale.0 of 0 people found the following review helpful. The setting of the discussions may be outdated but the ...By Marilyn ReedThe setting of the discussions may be outdated but the issues and principles are totally relevant. If you haven't read anything by Tony Campolo before, you don't know what you're missing. This is very inspiring, showing us the way to navigate an increasingly polarized political climate in a way that is honoring Biblical teaching.0 of 0 people found the following review helpful. A great read...By SandieExcellent read and so well written. I try to use the learning in everyday living although a little dated now, it still holds essential guidelines for the Christian life. I wholeheartedly recommend it.

In today's political environment, who speaks for whom is not always clear. Over the past couple of decades, evangelical Christians have tended to be associated with the religious right and the most conservative positions of the Republican Party. Rebelling against this designation are those who prefer to be called Red Letter Christians, desiring to live out the red letters of Jesus words in the New Testament. Believing that Jesus is neither a Republican nor a Democrat, Red Letter Christians want to jumpstart a religious movement that will transcend partisan politics and concentrate on issues such as fighting poverty, caring for the environment, advancing peace, promoting strong families, and supporting a consistent ethic of life, all viewed as critical moral and biblical values. Into this arena of thought steps Tony Campolo, the powerful evangelist known for his passionate and prophetic sharing of the radical message of Jesus. In this book, Campolo examines many of the hot-button issues facing evangelicals from the perspective of Jesus red-letter words in the Bible. No matter where you fall on the political spectrum, Campolo will make you think, pray and act.
