**M. R. (Mark Raymond) Harrington : Religion and Ceremonies of the Lenape** before purchasing it in order to gage whether or not it would be worth my time, and all praised Religion and Ceremonies of the Lenape:

0 of 0 people found the following review helpful. For Lovers of the Lenape, one and all!By jdIA gift to a friend who has Lenape blood. She absolutely loves it. I've just looked it over, but the edition is great, the pictures wonderful.0 of 0 people found the following review helpful. One of the great things about Kindle is the ability to go straight ...By Suzanne TolbertFascinating book. One of the great things about Kindle is the ability to go straight to the source. The author knew of what he wrote, as they say, and it comes through. It did not feel like a textbook. It felt real. Imagine

trying to keep something like this in print all the time for the small handful of people who want to read about the Lenape? Impossible. And yet, electronically, it is always available.<sup>2</sup> of 2 people found the following review helpful. Very bad scan of this bookBy DaveVery bad scan of this book. Whole paragraphs are gone. Do not get the kindle edition. I had to give up reading it... every time I would get into the book a huge hole in the book would frustrate me beyond words.

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.
