**B. Britt, A. Cuffel : Religion, Gender, and Culture in the Pre-Modern World (Religion/Culture/Critique)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Religion, Gender, and Culture in the Pre-Modern World (Religion/Culture/Critique):

This book compares shifting formulations of gender, interfaith, and ethnic relations across continents from antiquity to the Nineteenth century. Contributors address three areas: depictions of homosexual and transgendered behaviours, conceptualizations of femininity and masculinity, and the marriageability of ethnic and religious minorities.
