Kunal Chakrabarti : Religious Processes: The Puranas and the Making of a Regional Tradition before purchasing it in order to gage whether or not it would be worth my time, and all praised Religious Processes: The Puranas and the Making of a Regional Tradition:

This volume traces the evolution of a process of interaction between brahmanism and the indigenous social groups of Bengal during the early medieval period.

"This exceptionally fine book unites the study of social processes with indological scholarship in a genuinely historical analysis. In addition to its numerous other virtues, this book is very well written and well edited."-- History of Religions
