E. A. Wallis Budge : The Kebra Nagast-The Queen of Sheba Her Only Son Menyelek before purchasing it in order to gage whether or not it would be worth my time, and all praised The Kebra Nagast-The Queen of Sheba Her Only Son Menyelek:

4 of 4 people found the following review helpful. A Great TreasureBy Linda HardwickUnlike most of the conventional Bible, I found the Kebra Nagast to be beautiful reading. Not only for what it says, but for how it says it. It depicts human beings with all their flaws and anguish, as well as their virtues and their struggles to serve God. There

are a few parts, such as Solomon's blessing of his son Menelik, that made me cry. It is a treasure that most people don't know about (at least Americans don't), and should be read by all Christians, or anybody else for that matter. Having said that, as far as this edition goes, I have to say that it has some flaws. There are many typos which, if a new edition is published, should be corrected, as some of them are obvious and give the impression that the publisher is just sloppy. The other puzzling thing is that although the Kebra is about the time of Solomon, all the illustrations are depictions of Mary and Jesus. What's up with that? 0 of 0 people found the following review helpful. Four Stars By William Blanton Sr. good 15 of 18 people found the following review helpful. RIP OFF By Christopher L. Fessler I would have given this book zero stars but 1 was the lowest allowed. This is a total cheap rip off chop job reprint. I could take the corn ball dread lock guys pasted on the cover with green crowns on their heads but they don't tell you that they have completely left out Budge's introduction. I had to go find it on line and download it (the whole book is online by the way, if you care to read/ print it). The typeface is in at least two different fonts. How they got an actual photograph of Makeda, the legendary Queen of Sheba is beyond me. When you look through the index, they have left in all the references to the missing introduction so there are all these entries in roman numerals that do not exist. Give me a break.

The story of the Queen of Sheba and her only son Menyelek. In this ancient Ethiopian scriptural text, the story of how the Ark Of The Covenant was taken from Jerusalem to Ethiopia by Menyelek, the son of King Solomon of Israel and Queen Makeda of Ethiopia, is revealed and interpreted...

About the Author Born in England, Wallis Budge is the author of numerous history books.
