Illustrations and pictures are beautiful and clear. But, most importantly the information opens up a whole new realm of spiritual development and way of looking at reality and religion. The book reveals where modern day religions sprung from and directs you back to the original teachings. Great Book! 28 of 30 people found the following review helpful. Interesting!! Share with your inner circleBy DyehI was led on this path after having questions about the brazen serpent and continually having visions..this is the **FIRST** book I have purchased while on this path..and it is worth its weight in solid **GOLD**..I strongly co-sign to the effectiveness of this book..it is perfect for those who are just starting on their path towards the **TRUTH!!!**

In the early period of Ancient Egyptian history, earlier than in any other culture, before the Hindus, Buddhists, Kabbalists and Taoists, there was a teaching of the **TREE OF LIFE**. This was a special teaching describing the secret wisdom about the nature of the universe and of the soul as well as a path to make the journey, through varied phases of spiritual evolution, from mortal to immortal and from earth to heaven and beyond. The goal is to regain oneeTMs divine stature and transcendental place. In its earliest form, originated in Ancient Egypt, it was related to theurgical religious system developed in the priests and priestesses of the Ancient Egyptian city of Anu and the Tree was seen as the source of life. This book explains that teaching, which has been available to all, but missed by those who did not possess the keys to unlock its mystic formula. In this volume the Creation teaching of Anu, the **TREE OF LIFE** metaphysical teachings, disciplines and techniques, from the hieroglyphic texts, are given.
