Callum A. MacDonald : The Killing of SS Obergruppenfuhrer Reinhard Heydrich before purchasing it in order to gage whether or not it would be worth my time, and all praised The Killing of SS Obergruppenfuhrer Reinhard Heydrich:

1 of 1 people found the following review helpful. Harrowing in the details.....By Herbert BenkelI saw that the movie "Antrlhropid" was about to open, so I ran to buy the history. This is the story of the "Anthropoid" operation. It is put beautifully into the context of the participants and the time. This is a harrowing story of the terror of the moment, and incredible bravery. Without revealing much..... It DID change history!I now hope the movie is as good as this book....2 of 2 people found the following review helpful. Czechoslovakia under Nazi occupationBy Federico German KleinThe Killing of Reinhardt Heydrich by Callum Macdonald is an important book for those interested in the Second World War and in one of the more important personalities of the Third Reich. The description of the life and character of Heydrich is specially interesting in that is shows the type of resentfull, chip-on your shoulder lower-middle class failures that were attracted to the National Socialist Party. Expelled in disgrace by the German Navy for conduct unbecoming an officer, and with nowhere to go, who would accept such a character but the Nazi Party. There is a detailed description of Czech politics before and after the occupation and the petty and ruthless mentality that guided Heydrich as the governor of the "Protectorate" Czechoslovakia. The planning and carrying out of Heydrich's assassination as well as the retribution that occurred in its wake, read like a suspense mystery. The book is a clear example and a warning of what happens when thugs both in Germany and Russia take absolute power.0 of 0 people

found the following review helpful. Very pleased. By Jaime Caceres I have not seen the movie, but have been to the church where the allies fought the nazis after they were betrayed. This book is very interesting and well written. Arrived sooner than expected. Very pleased.

Recounts the assassination of the feared Reichsprotektor of Czechoslovakia by two Czech resistance fighters aided by British Secret Service and others, examining the ruthlessness and brutality for which Heydrich was known.

From Publishers Weekly Known as the Hangman of Europe, Heydrich was head of Nazi security policy, governor of occupied Bohemia-Moravia, and was considered by many of his cohorts to be the ideal SS man. MacDonald, senior lecturer at the Univ. of Warwick, England, traces his rise in the Nazi hierarchy, his role in programs of mass slaughter, and provides a nail-bitingly suspenseful account of his assassination on June 4, 1942. The book seems at first a straightforward story about the execution of a spectacularly evil war criminal, but MacDonald goes on to explore the dreadful ramifications of the act, which included the massacre of some 5000 Czechs and the destruction of the village of Lidice. As for the two assassins, recruited from the Czech Brigade in England and parachuted in by the British, they were betrayed by a third parachuted agent, a saboteur whose complicated motivations, we're shown, included a desire to put an end to the reprisals. History Book Club main selection; BOMC alternate. Copyright 1989 Reed Business Information, Inc. From Library Journal An outstanding study of the problems confronting Czech resistance against the Nazis. MacDonald interprets Heydrich as a man devoid of principle, yet shrewd enough to see that the Third Reich depended for success on the acquiescence of the peoples it conquered. As "Protector" of Bohemia-Moravia, Heydrich proposed to demonstrate the worth of a policy blending repression and conciliation. His relative success challenged the Czech government in exile to respond by a campaign of sabotage and assassination. MacDonald demonstrates the overwhelming difficulties facing the underground. Its principal achievement, the killing of Heydrich, generated massive reprisals which broke the back of active Czech resistance, but ultimately laid the international groundwork for Czechoslovakia's restoration as an independent state. Recommended for most collections. History Book Club main selection. - Dennis E. Showalter, Colorado Coll . , Colorado Springs Copyright 1989 Reed Business Information, Inc.
