Brian Branston : The Lost Gods of England, with 124 illustrations, 9 in color before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Lost Gods of England, with 124 illustrations, 9 in color:

3 of 3 people found the following review helpful. AuthorityBy Mr. ConradThis is an excellent book, a must read, if you are interested in early Anglo-Saxon deities. It appears this is the authority by which all related data is based. Although, I do not agree with all of Branston's conclusions, he has produced an unsurpassed piece of non-fiction.5 of 7 people found the following review helpful. Informative readBy FinchVery interesting and informative read. Recommend for anyone interested in the roots of witchcraft, paganism or history of the British Isles.14 of 14 people found the following review helpful. The Lost Gods of England by Brian BranstonBy Cwn_AnnwnExcellent book about the Pagan beliefs of the pre-Christian Anglo-Saxons in England.I don't agree with some of Branston's conclusions but there is much to be learned from this book. The chapters on Thunor/Thor and Woden/Odin are worth their weight in gold. This book is a must read for anyone trying to unweave the tangled web that is Anglo-Saxon Heathenism.

A survey of the myths, legends and religious beliefs of the ancient Anglo-Saxons.
