A Fantastic Read!By Lyman FossEvery possible human emotion and interaction is revealed and uncovered in this extraordinary tale from ancient

India. It is literally true that there is nothing new under the sun!! The Mahabarata's origins are obscured by the passage of time, but the stories and their undercurrents are ever fresh and relevant. A must for every seeker. 0 of 0 people found the following review helpful. Five Stars By Eben Bronfman Brilliant book, great translation.... I read the Mahabharata everyday and learn more each time. Truly a guide to life.

One of the views suggests that he was born in the Tanahun district in western Nepal. He is the author of the Mahabharata, as well as a character in it.
