**Jon E. Lewis : The Mammoth Book of Cover-Ups: The 100 Most Terrifying Conspiracies of All Time** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Mammoth Book of Cover-Ups: The 100 Most Terrifying Conspiracies of All Time:

1 of 1 people found the following review helpful. My grandson loved it! By Jacqueline Potokar A+ book, that covers a

wide variety of topics dealing with conspiracies. My grandson loved it!3 of 4 people found the following review helpful. Coverups can be true, it can happen to you, if you young at heartBy Kenneth Hoffman aka The CrackpotI like this book as a starting point. I think everyone should read more. You should read books for and against a subject, books in the middle, and books on the periphery that mention the subject.. The author takes about 100 subjects discusses them and then gives them an alert level rating. He also gives you other books to read on the subject. Probably what I didn't like necessarily was his conclusions that led to his alert level rating. However, he brings out points that I didn't know. For instance former president George HW Bush was meeting with Shafi bin Laden, Osama's brother at the Ritz-Carlton hotel on the morning of 9/11.Tidbits, like that, I find interesting and useful to further pursue. Like I said, it's a good starting point for the reader.0 of 0 people found the following review helpful. A+By Nick G. AthasA+

The one hundred conspiracy theories of all time-from Harold Wilson as a Soviet agent to Princess Diana's death, from the attacks on 9/11 in the U.S. and on 7/7 in London. This volume presents research and plausible cover-up theories for the reader to judge.

About the AuthorJon E. Lewis is a historian and a hugely experienced Mammoth editor, whose recent books include the Mammoth Book of Pirates, the Mammoth Book of How it Happened, the Mammoth Book of True War Stories Volume 2, and the Mammoth Book of Wild Journeys.
