Serhii Plokyh : The Man with the Poison Gun: A Cold War Spy Story before purchasing it in order to gage whether or not it would be worth my time, and all praised The Man with the Poison Gun: A Cold War Spy Story:

2 of 2 people found the following review helpful. The book is based on historical facts.By Orest DzulynskyThe book has a lot of historical facts and describes them in detail. It relates history not widely known. It is especially interesting read for people interested in WW2 period.0 of 0 people found the following review helpful. Interesting explication of little known events that is especially topic ...By Walter SzczupakInteresting explication of little known events that is

especially topic given that Putin is acting very aggressively and is likely behind multiple assassinations in Ukraine and Russia's near abroad in former Soviet controlled countries. 2 of 3 people found the following review helpful. Have Gun, Will Travel By Christian Schlect An interesting real-life espionage tale from deep Cold War days. The knowledgeable Professor Plochy writes in a "Joe Friday" style as he brings the reader through the complexities of how two people were assassinated in West Germany, by whom, and why. With the current dust-up caused by Mr. Putin's various aggressive actions not only towards Ukraine but with our recent presidential election, this book provides a useful reminder that Russia, under this name or that the USSR, has a long history of improper probing beyond its own borders.

In the fall of 1961, KGB assassin Bogdan Stashinsky defected to West Germany. After spilling his secrets to the CIA, Stashinsky was put on trial in what would be the most publicized assassination case of the entire Cold War. The publicity stirred up by the Stashinsky case forced the KGB to change its modus operandi abroad and helped end the career of Aleksandr Shelepin, one of the most ambitious and dangerous Soviet leaders. Stashinsky's testimony, implicating the Kremlin rulers in political assassinations carried out abroad, shook the world of international politics. Stashinsky's story would inspire films, plays, and books including Ian Fleming's last James Bond novel, *The Man with the Golden Gun*. A thrilling tale of Soviet spy craft, complete with exploding parcels, elaborately staged coverups, double agents, and double crosses, *The Man with the Poison Gun* offers unparalleled insight into the shadowy world of Cold War espionage.
