**W. L. Wilmshurst : The Meaning of Masonry** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Meaning of Masonry:

1 of 1 people found the following review helpful. Don't Buy This BookBy Andre L.Don't buy this book! The publisher has failed to fix glaring grammatical and spelling errors. The text is close together and isn't very pleasant to read. The cover looks like it was made using MS Paint. Unless the publisher makes a better looking and better reading version of this text, don't even bother to buy it.The text itself is phenomenal. If you have any interest in the symbolism and

philosophy of the Craft, do read this book, but don't buy or read this version. It's awful. I regret paying what I did for it.3 of 3 people found the following review helpful. A Great Reader that brings deeper insightBy Emma CroftFor many Masons, they enter the lodge, are given the three degrees and then treat it as a men's club. For others, they seek the deeper wisdom contained within the degrees. They are the Gnostics, the seekers of knowledge. For them, this book is a great help and brings deeper insights. I recommend this book.0 of 0 people found the following review helpful. masonry readingBy Donald JacksonA good guide for the new Mason.

Thank you for checking out this book by Theophania Publishing. We appreciate your business and look forward to serving you soon. We have thousands of titles available, and we invite you to search for us by name, contact us via our website, or download our most recent catalogues. THE papers here collected are written solely for members of the Masonic Order, constituted under the United Grand Lodge of England. To all such they are offered in the best spirit of fraternity and goodwill and with the wish to render to the Order some small return for the profit the author has received from his association with it extending over thirty two years. They have been written with a view to promoting the deeper understanding of the meaning of Masonry; to providing the explanation of it that one constantly hears called for and that becomes all the more necessary in view of the unprecedented increase of interest in, and membership of, the Order at the present day. The meaning of Masonry, however, is a subject usually left entirely unexpounded and that accordingly remains largely unrealized by its members save such few as make it their private study; the authorities of what in all other respects is an elaborately organized and admirably controlled community have hitherto made no provision for explaining and teaching the "noble science" which Masonry proclaims itself to be and was certainly designed to impart.
