The International Institute of Strategic Studies (IISS) : The Military Balance 2013 before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Military Balance 2013:

The Military Balance 2013 is the annual assessment of the military capabilities and defence economics of 171 countries world-wide. New features of the 2013 edition include: reorganised and expanded analytical essays. New sections on trends in contemporary armed conflicts in Afghanistan and Syria, as well as trends in defence capability areas, with a focus on equipment, technological or doctrinal developments. There is also an essay on trends in defence economics and procurement, one on European defence industries, and another on anti-access/area denial detailed

analysis of regional and national defence policy and economic issues for selected states updated graphics feature on comparative defence statistics, with focus on defence economics, and major land, sea and air capability concerns tables, graphics and analysis of defence economics issues additional national capability summaries additional data on land forces: combat support and combat service support new graphics and maps on defence capability issues additional data on cyber capabilities.
