A. C. Bhaktivedanta Swami Prabhupada : The Nectar of Devotion: The Complete Science of Bhakti-Yoga before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Nectar of Devotion: The Complete Science of Bhakti-Yoga:

1 of 1 people found the following review helpful. Brilliant and Easy to read. Just magical. By Stevie Moon Powerful and down to earth. To find Hindu texts that are easy to follow is not easy. This covers points that I never fully

understood until this read. Thank you for writing this Swami, you gave all of us access to an incredible journey!0 of 0 people found the following review helpful. wonderful and inspiring ! ..By marc loganwonderful and inspiring ! thanks Swami P.2 of 2 people found the following review helpful. Guide for the path of Bhakti.By jacob duranThe sanskrit term "Bhaki" is now a household word in yoga circles. Most people have either an elemental understanding, none, or worst of all, an incorrect one. A.C. Bhaktivedanta Swami is definitely one of the foremost qualified to write on the subject. Anyone serious about moving forward on this path should seriously consider reading this book.

Srila Rupa Gosvami was the foremost disciple of Sri Krishna Caitanya, and the Bhakti-rasamrta-sindhu is his literary masterpiece, a classic of devotional literature composed in Sanskrit and describing the complete science of bhakti-yoga, or linking with the Supreme through transcendental loving devotion. In this summary study, Srila Prabhupada gives a complete translation and provides occasional commentary. Topics include the characteristics of pure devotional service, ecstatic love of God, the qualities of Sri Krishna, and stimulation for ecstatic love.
