I bought this as a birthday present for my father who reads the obits everyday. He totally loves it. The webkey is a cool plus and the website is really easy to use. Highly recommended.

It was a great gift...the talk of the Christmas party. I peeked before I gave it...I could have read it for hours.

The obituary page of The New York Times is a celebration of extraordinary lives. This groundbreaking package includes 300 obits in the book with exclusive online access to 10,000 more of the most important and fascinating obituaries the Times has ever published. The obituary page is the section many readers first turn to not only see who died, but to read some of the most inspiring, insightful, often funny, and elegantly written stories celebrating the lives of the men and women who have influenced on our world. William McDonald, The Times' obituary editor who was recently featured in the award-winning documentary *Obit*, selected 320 of the most important and influential obits from the newspaper's archives. In chapters like "Stage and Screen," "Titans of Business," "The Notorious," "Scientists and Healers," "Athletes," and "American Leaders," the entries include a wide variety of newsmakers from the last century and a half, including Annie Oakley, Theodore Roosevelt, Joseph Stalin, Marilyn Monroe, Coco Chanel, Malcolm X, Jackie Robinson and Prince.

A black-and-white volume that captures the essence of The New York Times obituary: superbly researched pieces of history that retain the immediacy of it-just-happened...A must for the history enthusiast.
